

Protecting **your** business
is **our** business

What Is Corporate Security?

In a modern working environment specialist security is an asset. Front of house concierge and reception staff provide the first point of contact for your clients and visitors. Impact Security Solutions can provide trained, licensed, fully accredited and dedicated professionals.

Our highly professional staff provide general reception, concierge, VIP meet and greet and entry point security either on a full time basis or as temporary cover for holidays, sickness or periods of heightened alert. Many of the largest FM companies trust Impact Security Solutions to provide front of house staff for their clients and we have vast experience in this field working either directly with owners or through a managing agent for multi tenanted properties.

The ethos of our commitment is to add value to the services we offer, and to create a partnership between us and our clients and our officers and your staff. Our staff are incentivised to step above and beyond the call of duty and to understand that they are ambassadors of Impact Security and of the business they are deployed to.

Focusing
on **your** business

We seek to continuously improve the services we offer and as part of our audit and management structure we will provide regular assessments and advice on improvements to security, our management team has over 60 years combined experience in the security industry and this is available to you free of charge, giving true added value to your package.

We can provide a complete and bespoke package managing concierge, front of house security, internal and external patrols, car park management and rapid deployment of additional, fully briefed staff at short notice. Impact Security understand your business and the challenges you face, we make it our business to protect yours.

Customer care orientated officers:

- Multi skilled and computer literate officers
- Health and Safety trained
- First Aid trained
- CCTV trained
